

Night work

Rehabilitation of the South Viaduct railway platform

Date: From June to September 2026
At night, from 11 :00 p.m. to 5:00 a.m.*

Location: On the South Viaduct railway tracks, between Saint-Jacques and William streets

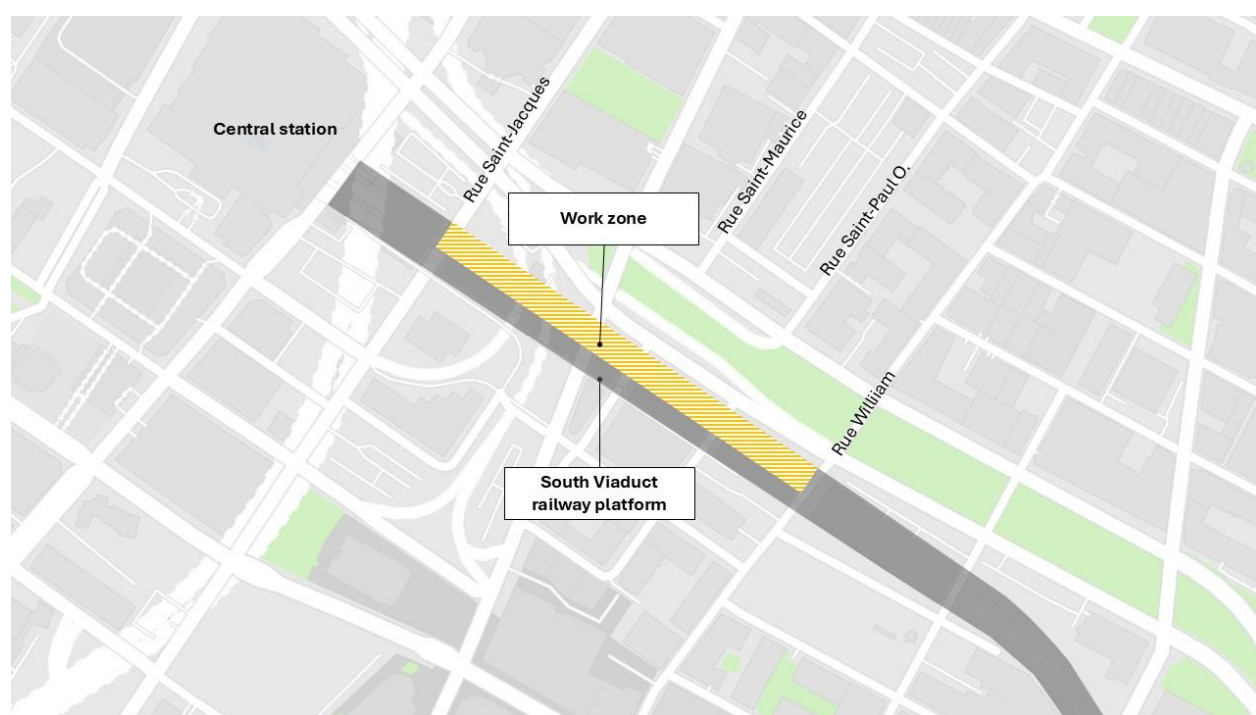

*These dates are subject to change. The scheduled work hours are from 11:00 p.m. to 5:00 a.m. Preliminary and follow-up work outside these hours may be required to mobilize and demobilize equipment and to clean the site.

Description of the work:

From June to September 2026, rehabilitation and waterproofing work will take place on the South Viaduct railway platform, located between Saint-Jacques and William streets.

The work is being carried out on tracks adjacent to those of the REM and has no impact on service.

Location of the work:

Impacts and mitigation measures:

- **Noise** may be generated by this work. Mitigation measures will be implemented where possible.
- The work is carried out at night to avoid disrupting railway traffic during the day.
